Continuation of Substance of Interview including description of the general nature of what was discussed: Mr. Fulmer indicated a response to the Office action mailed July 13, 2005 was forthcoming to overcome the rejections and objections to the claims. Additionally, the examiner reviewed a co-pending application and determined a terminal disclaimer would be necessary to obviate a non-statutory double patenting rejection. The replacement drawings filed July 2, 2004 are approved.
